

Travelife Sustainability System Criteria

Please note that the criteria are under a two-stage consultation review and may be subject to change when this concludes in July 2012.

Introduction to the Travelife Sustainability System Criteria

The Travelife Sustainability System is made up of the following criteria which focus on environmental and social issues.

The criteria in yellow are mandatory and their requirements must be met if a hotel or an accommodation is to achieve a Bronze Travelife award or above.

To achieve a Silver Travelife award, hotels and accommodations must meet additional mandatory criteria (marked in blue), as well as the Bronze mandatory criteria (in yellow).

Additionally, to achieve a Gold award, hotels and accommodations must meet additional mandatory criteria (marked in orange), as well as the Bronze (in yellow) and Silver (in blue) mandatory criteria.

The other criteria are optional and achievement of their requirements - in addition to the mandatory ones - will contribute to properties achieving a Travelife award.
